

A GUIDE FROM THE COSMETIC & IMPLANT STUDIO

Questions worth asking at *any* cosmetic dental consultation

A short guide to bring along — to any practice, including ours. These questions can help you build a clear picture of how a practice works and what treatment would involve. Add your own questions as they come to mind.

I

QUESTIONS ABOUT THE PROCESS

- | Can you walk me through what happens, step by step?
- | Will I be able to see what the result could look like and try it on before any treatment begins?
- | What happens if I'm not happy with the plan? Can it be adjusted?

II

QUESTIONS ABOUT THE APPROACH

- | How do you decide what's right for me specifically?
- | What are the different options, and what are the trade-offs of each?
- | How will I be involved in decisions along the way?

III

QUESTIONS ABOUT WHAT COMES AFTER

- | Is refinement built into the process?
- | What does long-term care look like?
- | Who is my point of contact if I have questions or concerns?
